

FICHE TECHNIQUE

MASQUE TISSU 100% COTON

PRO988

MASQUE TISSU REUTILISABLE Catégorie 2

100 % coton

Masques de protection filtrant au moins 70 % des particules de 3 microns

Lavable à 60° , garanti 25 lavages

Support nasal pour un meilleur ajustement

DESCRIPTION :	Reusable cotton face mask. The joining of the external components of the nose and chin area is done by seams. That guarantees resistance to the conservation and cleaning process. Nose support integrated in the upper part (nasal clip for easy adjustment) made by elastic. Washable at 60 degrees up to 25 washes, ensuring breathable air quality and providing comfort.
